ABOUT THE PROJECT

The safe vibrant and healthy public spaces initiative is supporting the cities of Jaipur and Bhubaneswar to develop adolescent friendly public spaces

- Creating a mechanism to assess, design and improve public spaces for adolescents.
- Enabling adolescents to be a part of the city development processes.
- Co-developing safe, vibrant and healthy public spaces.
- Empowering 1,000 adolescents to become public space ambassadors.

Humara Bachpan Trust
& Aaina foundation

Adolescents, Citizen experts,
City Agencies, Decision makers

WHO CAN GET INVOLVED?

ADOLESCENTS

If you are an adolescent (10-19 yrs) you will get the opportunity to talk about your needs in public spaces and participate in the public space development process.

HOW CAN YOU BE INVOLVED?

- Participate or volunteer in the project to share your perspectives on public spaces with local authorities.
- Be a part of assessing and sharing design ideas for public spaces in the city.
- Engage and promote the concept of accessible and inclusive public spaces to your friends.

WHO ELSE CAN GET INVOLVED?

CITIZENS

If you are a resident looking to improve your neighbourhood, this project will help you develop more inclusive, accessible, healthy and safe spaces for all.

HOW CAN YOU BE INVOLVED?

- Be part of assessing and improving public spaces in the city through this project.
- Support adolescents in your community towards becoming public space ambassadors.

DECISION MAKERS

As city decision makers, this project will enable you to create a model initiative for adolescent friendly public spaces, that other stakeholders/cities can replicate.

HOW CAN YOU BE INVOLVED?

- Be part of assessing and improving public spaces in the city through this project.
- Include adolescents in the city public space development process
- Align the city agenda towards the development of children and adolescent-friendly public spaces.
